

REFERENCE SERVICES

Assistance in using library resources can be obtained at the reference desk. Reference librarians are available to help locate and use print materials, online resources, and interpret legal citations. The Idaho State Law Library encourages use of the library's collection by offering out-of-town judges and attorneys telephone, fax, e-mail and mail reference services.

INTER-LIBRARY LOANS

Materials not available at the Idaho State Law Library can be obtained through inter-library loan from libraries in Idaho and other States at minimal or no cost to the user.

Basic Fee Schedule

Self-service copies 15¢ per page
Staff copying 25¢ per page
E-mailing scanned documents
\$3.00 for the first document, \$2.00 for each additional document
Other charges apply as applicable

INTRODUCTION

The Idaho State Law Library was established in 1869 under an Idaho territorial statute that included a \$500 appropriation for the purchase of law books. Currently located at the Idaho Law and Justice Learning Center, (ILJLC) the Law Library operates under the joint management of the Idaho Supreme Court and the University of Idaho College of Law. As a result of this collaboration, library patrons have access to a greatly enhanced collection of print and electronic research tools. The print collection consists of 30,000 volumes housed at the Idaho Law and Justice Learning Center. Four public computer terminals provide access to a variety of research databases. We are continually updating our collection to provide more and better access to legal information.

USE OF LIBRARY RESOURCES

The Law Library is open to the public. Although primarily a research library, limited lending is available for Idaho judges and attorneys, members of the Idaho State Bar, and University of Idaho law students and faculty.

LIBRARY COLLECTION

The Idaho State Law Library provides access to legal information in a variety of formats. These include books, periodicals, pamphlets and electronic resources.

Federal, State and local legal information is included in the library collection.
