Law enforcement agencies in Idaho report crime within their jurisdictions to the Idaho State Police under the National Incident-Based Reporting System which has standard definitions, rules and guidelines for reporting crimes in three categories:

- **Person Crimes** = murder, manslaughter, rape/sodomy, assault, intimidation and kidnapping offenses
- **Property Crimes** = robbery, burglary, larceny/theft, arson, destruction of property, counterfeiting, fraud, embezzlement, blackmail and stolen property offenses
- **Society Crimes** = drugs/narcotics, gambling, pornography, prostitution and weapons law violations

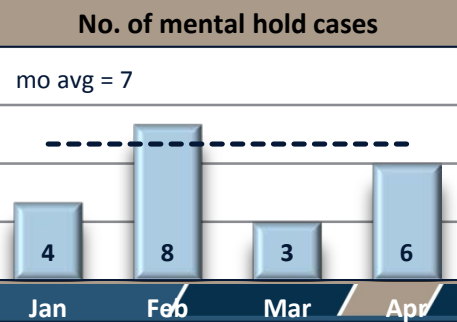

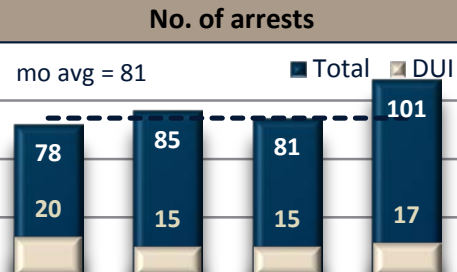

Crimes get cleared when we make an arrest on a case, which includes citations and court summonses under NIBRS. Some crimes are more difficult to solve than others, so clearance rates vary by crime type and can have significant lag times.
