Law enforcement agencies in Idaho report crime within their jurisdictions to the Idaho State Police under the National Incident-Based Reporting System which has standard definitions, rules and guidelines for reporting crimes in three categories:

- **Person Crimes** = murder, manslaughter, rape/sodomy, assault, intimidation and kidnapping offenses
- **Property Crimes** = robbery, burglary, larceny/theft, arson, destruction of property, counterfeiting, fraud, embezzlement, blackmail and stolen property offenses
- **Society Crimes** = drugs/narcotics, gambling, pornography, prostitution and weapons law violations

The purpose of the program is to provide reliable statistics and inform the public about the nature of crime problems.

Crimes get cleared when we make an arrest on a case, which includes citations and court summonses under NIBRS. Some crimes are more difficult to solve than others, so clearance rates vary by crime type and can have significant lag times.
